

FORE STAR JUNIOR GOLF ACADEMY MINIMUM EQUIPMENT LIST

There is no need to purchase a new set of golf clubs for the beginning player. It is important, however, to have properly sized golf clubs to suit the player's height. A young golfer under five feet tall will have a difficult time trying to hit Pap's, Dad's, Mom's, or Nana's hand-me-down set. Adult clubs that have been cut down are sometimes ineffective because their weight, balance, and kick points have been altered. What can you do?

Ask family and friends to determine if anyone has a junior set for sale; watch the classifieds for used junior sets; check out some of the second-hand sports shops; purchase new junior clubs at one of the Big Box Sports Shops; have a new set CUSTOM-MADE at an affordable price by THE GOLF DOCTOR 412-487-3500. FULL SETS ARE NOT REQUIRED.
